Opportunities locally, nationally, and globally

Transferrable skills to work in any sector

Job stability, constant demand within the sector

Industry Partnerships

Our academics work with industry leaders from across Lancashire who help us shape our programmes.

Employer partners help us design our qualifications for the industry by addressing any current skills gaps and factoring in future market trends. Students will not only gain an advantage from having tailored qualifications designed for the market, but they can also take advantage of their expertise with guest lecturing and visits to industry workplaces.

#AmazingAccrington

“The Sustainable Business Management course offers a unique blended mix of flexible online learning coupled with some weekend and evening study, perfect for achieving the qualification while maintaining a 9-5 job”

Simon Brierley, Membership Director
for the Chamber of Commerce

Our Graduates

"I have really enjoyed my time at the University Centre. My teachers are very supportive and helpful, and the environment is welcoming and friendly. I would recommend the University Centre to others because of the quality of teaching and the fact that teachers go above and beyond for all students."

"Studying HNC Business helped me to gain in depth knowledge and understanding of core business elements such as HR, Management, Accounting, Marketing and it gave me the option to specialise into an area of choice."

"This will enable me to apply the knowledge I gained into real life business situations that would help me to kick start my career. After the HND in Business I plan to top up to BA (Hons) Accounting and then pursue a career in Accountancy."

a sustainable world.

The gross domestic product of the British economy was £1.96 trillion in 2020, making it the sixth largest global economy

LEVEL 7	Postgraduate (MEng, MA, MSc) This a Level 7 qualification for those wishing to expand their knowledge beyond Bachelor's level, with the opportunity to study specialist modules.		Degree and Higher Level Apprenticeship This type of study includes working while studying part-time; qualifications can range from Level 4 HNCs with progression onto Higher Level qualifications up to Level 7.
LEVEL 6	Bachelor Degree (BA, BEng, BSc) This is a full degree programme leading to a qualification such as a Bachelor of Arts (BA), Bachelor of Science (BSc) or Bachelor of Engineering (BEng); commonly known as undergraduate degrees.	Bachelor (BA, BEng, BSc) Top-up Degree This is a one year programme, that gives those students with a Level 5 qualification to top-up and gain an Honours Degree	
LEVEL 5		Foundation Degree (Fd, Fda, FdSc) This qualification is a Level 5 award, usually over two years (full-time). Students can then progress on to a top-up to graduate with an Honours Degree.	
LEVEL 4		Higher National Diploma (HND) A Level 5 qualification, that allows you to progress onto a top-up degree qualification and is usually studied over two years.	
		Higher National Certificate (HNC) A Level 4 qualification, that allows you to top-up with an HND qualification and is usually studied over one year.	
LEVEL 3	Foundation Year This programme adds one year to a Foundation/Bachelors degree. This gives students who do not have the entry requirements or prior industry experience to enrol on a Higher Level programme the opportunity to still work towards a Degree Level qualification.		Access to Higher Education This is one year programme that acts as a stepping stone to Degree Level study. This gives students who do not have the entry requirements or prior industry experience to enrol on a Higher Level programme.

Qualifications Explained

Our Courses

Employment opportunities for paralegals are projected to grow 15% from 2016 to 2026

HNC
Subject to Validation

Sustainable Business Management

Are you an aspiring entrepreneur? Or maybe you are looking to climb the career ladder? Our Higher National Certificate will not only give you the knowledge you need to excel in the business world but also how to be sustainable in a way that can create competitive advantage. If you are both entrepreneurial and interested in ethical agendas, this programme will explore the skills, techniques and behaviours needed as a professional in the industry.

What will I study?

You will study four core modules:

- The business environment
- Marketing principles
- Accounting and finance principles
- Business project

Then you will select an additional two modules from the following options:

- Entrepreneurial small business management
- Business law
- Introduction to microeconomics

- Introduction to macroeconomics
- Economic schools of thought
- Financial accounting
- Management and HR
- Enterprise and commercialisation

How will the course be assessed?

A series of written and practical work is assessed by your lecturers and will determine your overall grade.

Progression

On completion of the Higher National Certificate, you can go on to study a

Foundation Degree or find employment within the sector. Students completing this HNC who progress to one of the Foundation Degrees listed here will enter at level 5 rather than level 4. This will shorten the FdA to one year full-time or two years part-time. See how you can progress on page 15.

Entry requirements

See page 34 for more details. If you do not meet our entry requirements you can start your path to a Higher Level qualification with our Access to Higher Education Diploma in Business..

FdA
Subject to Validation

- Entry requirements**
See page 34 for more details. If you do not meet our entry requirements you can start your path to a Higher Level qualification with our Access to Higher Education Diploma in Business.

Diploma

Accounting

Do you currently work in the sector and are looking to advance your career? Our programme is designed to help you future proof your promotion with the skills and knowledge you need to advance your expertise and secure a managerial/senior position. You will study two qualifications that include the Level 4 Diploma in Accounting and Level 4 Diploma in Business Skills, combining the essential skills needed in finance and your new role as a manager in the field. You will look at team leader skills, financial statements for limited companies and complex management skills.

What will I study?

You will study four mandatory units:

- Financial statements
- Budgeting
- Financial performance
- Internal control and accounting systems

You will also choose from a range of specialist units which may include:

- Planning and delivering business communication activities
- Managing project finances
- Spreadsheet and presentation software
- Developing commercial awareness

How will the course be assessed?

You will be assessed by online tests.

Progression

You can go on to study a Level 5 qualification or pursue a career in the industry. If you are currently employed in the sector, this qualification will help you gain a promotion.

Entry requirements

See page 34 for more details. If you do not meet our entry requirements you can start your path to a Higher Level qualification with our Access to Higher Education Diploma in Business.

Also available as
a Higher Level
Apprenticeship

Diploma

Business and Administration

Our programme is suitable for administrators working at a senior level with considerable responsibility for the management of systems and resources, working with an extensive degree of autonomy. You will learn the skills, techniques, knowledge to become an expert in your field and how you as a professional can contribute to the wider strategy of your organisation or department

What will I study?

You will study four core modules:

- Communicate in a business environment
- Manage personal and professional development
- Manage the work of an administrative function
- Resolve administrative problems

Students will also select optional units appropriate to their individual career goals.

How will the course be assessed?

You will be assessed in the workplace and on an individual basis inclusive of product evidence, reflective accounts, observations, professional discussions, written and verbal question and answer.

Progression

You can go on to study a Level 5 qualification or pursue a career in the industry. If you are currently employed in the sector, this qualification will help you gain a promotion.

Entry requirements

This is assessed on an individual basis. See page 34 for more details.

Diploma

Commercial Procurement and Supply

This course provides a valuable management tool for those moving in to junior and middle management procurement roles or those supervising the procurement function. It focuses on organisational procedures and processes including negotiation, planning, risk management and data analysis.

What will I study?

You will study five core modules:

- Contexts of procurement and supply
- Business needs in procurement and supply
- Sourcing in procurement and supply
- Negotiating and contracting in procurement and supply
- Managing contracts and relationships in procurement and supply

How will the course be assessed?

You will be assessed in the workplace and on an individual basis inclusive of product evidence, reflective accounts, observations, professional discussions, written and verbal question and answer.

Progression

You can go on to study a Level 5 qualification or pursue a career in the industry. If you are currently employed in the sector, this qualification will help you gain a promotion.

Entry requirements

This is assessed on an individual basis. See page 34 for more details.

Diploma

Leadership and Management

Our Level 5 Diploma in Leadership and Management will develop your skills and knowledge across a range of management topics. You will learn what is required as a practising manager, how to develop your middle management skills and the knowledge you need to aspire to senior management.

What will I study?

You may study the following modules:

- Conducting a management project
- Leadership in an organisational context
- Managing performance
- Managing risk
- Principles of delivering coaching and mentoring
- Principles of management
- Workforce planning

How will the course be assessed?

You will be assessed in the workplace and on an individual basis inclusive of product evidence, reflective accounts, observations, professional discussions, written and verbal question and answer.

Progression

You can go on to study a Level 5 qualification or pursue a career in the industry. If you are currently employed in the sector, this qualification will help you gain a promotion.

Entry requirements

This is assessed on an individual basis. See page 34 for more details.

Degree and Higher Level Apprenticeships

What are Degree and Higher Level Apprenticeships?

Degree and Higher Level Apprenticeships provide students with the opportunity to gain a qualification at Level 4 and above while working within a job role. Higher Apprenticeships typically take two years to complete and involves, on occasions, part-time study at one of our University Centres.

How do they work?

Apprentices will complete assessments throughout their programme, which test both academic learning and occupational competence which should be developed through on the job training.

Apprentices will also be visited within the workplace to assess the range of skills to ensure the working practices meet minimum levels of competency against the national standard.

What are the benefits?

- Higher Apprenticeships allow you to earn while learning and progress into highly skilled occupations
- The potential to achieve graduate and postgraduate level qualifications
- New opportunities for career progression
- Higher Apprentices could earn £150,000 more on average over their lifetime compared to those with Level 3 qualifications

What Degree and Higher Level Apprenticeships are available?

- Higher Level Apprenticeship in Accounting
- Higher Level Apprenticeship in Commercial Procurement and Supply
- Higher Level Apprenticeship in Leadership and Management
- Higher Level Apprenticeship in Operations/Departmental Manager
- Higher Level Apprenticeship in School Business Professional

SMEs (small and medium-sized enterprises) account for 99.9% of the business population

How to apply

How you apply depends on the route of study you intend to take. Whether you are considering full-time or part-time study, applying is easy. Simply follow the steps below:

Part-Time Study

To apply for a part-time course and teacher training please complete our Higher Education application form which is available at universitycentre.nelsongroup.ac.uk.

Full-Time Study

Applicants for full-time undergraduate courses should apply through UCAS. The online application form and guidance notes are available on the UCAS website at: www.ucas.com. If you need help with this process, contact our **Admissions Team** by email: he@nelsongroup.ac.uk or by telephone: **01254 354047**

Higher Level Apprenticeships

To apply for a Higher Level Apprenticeship, please contact our Apprenticeship Team on **0333 003 1717** or he@nelsongroup.ac.uk

After you've applied

You may be invited to an informal interview with our expert lecturers who can answer any questions you may have about our programmes. It is a great chance to look around and see our facilities too.

Talk to Us

If you have a question, get in touch, we can help.

Live Chat: universitycentre.nelsongroup.ac.uk

Email: he@nelsongroup.ac.uk

Telephone: **01254 354117** or **01254 354047**

Entry Requirements

Each course has individual entry requirements depending on the level of study you are applying for.

Further information about particular course entry requirements can be found on our website universitycentre.nelsongroup.ac.uk or you can contact our Admissions Team at he@nelsongroup.ac.uk or by telephone: **01254 354047** or **01254 354117**.

Generally, if you are applying for a HNC, Foundation Degree or BA (Hons), the entry requirement is a Level 3 qualification with GCSE Maths and English or equivalent. If you are applying for a HND, the entry requirement is a relevant HNC.

We welcome and encourage applications from mature students who may not meet

the traditional entry requirements. We will take into account your motivation, ability, industrial experience and educational background.

For further information about entry requirements, please contact the University Centre Admissions Team on he@nelsongroup.ac.uk or **01254 354047** or **01254 354117**.

Get help with your fees and finance

There are a number of options available to support students through their university studies.

Tuition Fees

Our University Centre fees are lower than universities and with the additional savings of living at home, that's even more reason to study at one of our campuses.

If you are planning to study a University Centre qualification and are not self-funding the course, you are eligible to apply for tuition fee funding via Student Finance England. The Tuition Fee Loan doesn't have to be paid back until your income is over the current UK repayment threshold of £26,575* a year.

Tuition fee loans are available for both full-time and part-time study

not how much you borrowed. You only need to start paying back your Advanced Learner Loan when you are earning over the repayment threshold. For more information on the Advanced Learner Loan visit www.gov.uk/advanced-learner-loan/overview If you wish to apply for an Advanced Learner Loan, loan applications can be made when you enrol. You will need a valid UK passport or birth certificate (the application takes longer to process if you do not have a passport). You will also need information from College to complete the loan application – this will be provided at your assessment.

Maintenance Loan

If you are studying full-time or part-time, you may be eligible for a Maintenance Loan to help with living costs. This is dependent upon your household income.

Childcare Grant (CCG)

If you are studying full-time, you might also be able to apply for a CCG, which helps with childcare costs. This is dependent upon your household income.

Further details can be found on www.gov.uk/studentfinance or by contacting the HE Office on he@nelsongroup.ac.uk or **01254 354047**.

Advanced Learner Loan

If you are looking to study a course at Level 3 or above and are not eligible for this to be funded, an Advanced Learner Loan may be an option to pay your course fees.

Loan repayments are linked to what you earn when you have finished your course,

Access to Higher Education Financial Support

Access to Higher Education Diploma courses may be FREE with an Advanced Learner Loan! Loans may be reclaimed upon completion of a degree. Financial support may also be available for students to support with course related fees. Please note that for the Access to University Diploma this is only reimbursed upon completion of your chosen degree course. The fully-funded programme route is for those aged 19-24 who are aiming to complete their first full Level 3 qualification.
